Academic Accelerator Program

## Apply For Microsoft Academic Accelerator Program

Can I join the Program?  
Yes, if you:

Are a final year student or a fresh graduate with no job commitments

Have the passion for technology, like to drive vision to reality and the business mind-set. Then you can apply for the **“Product Management”** track.

Are a hard-core developer who likes the challenge of solving out-of-this-world problems and would like to make your mark in the app world, then you can apply to the **“Software Development”** track. Experience in the software development on the Microsoft platform (VS, C#) is a plus.

Have an artistic approach, creative ideas and passion for the user experience, then you can apply to the **“Design”** track.

How can I apply?

Please submit the following documents no later than **June 2<sup>nd</sup>, 2016.**

A brief description of the idea you would like to create and implement.

Indicate what internship track you want to join

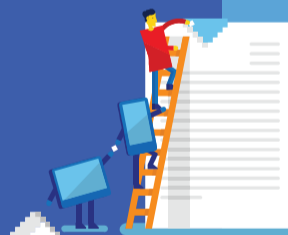

**Product Management,  
Software Development,  
Designer**

Please note that no applications will be considered beyond this date.

Why join the Internship Program?

You will develop skills that will let you unleash your creativity and share it with the world through the Windows Store.

You will be brought together with like-minded students who are eager to learn interactively and create an environment of idea generation.

The program lasts for 3 months. It begins on June 19<sup>th</sup>, 2016 and ends on the 19<sup>th</sup> of September, 2016. It is a full-time (5 days/ week) internship.

The Microsoft Academic Accelerator Program will help you build Universal Windows Apps with cloud-based back end services that target Windows and Windows Phone. Through technical sessions, self-learning modules and professional instructors, you will be able to create your very own Universal Windows App that can be shared globally.
