Course Title : Mental Health Nursing
Course Number : 1001451
Credit Hours : 3
Pre requisite : 100331  100341
Placement :
Instructor: ,

Course Description :
This course provides students with basic knowledge of various theories related to mental health, and modalities which help individuals to interact with various types of life stresses in healthy and constructive manners. This course addresses the concepts of mental health, illness, and the cultural attitudes toward mental health and illness. Special emphasis is given to the development of interpersonal skills, communication skills, therapeutic and nontherapeutic relationships, and specific therapeutic modalities which are recently used to treat individuals with emotional and mental disorders. In this course students learn the application of nursing process as a way to explain mental health, and mental disorders in physical, social, cognitive, emotional, and spiritual dimensions of the individual.
